PRODUCTS OR MACHINERY

The **DROIGK FORMENBAU GMBH** is a supplier of high quality moulds for the glass industry in Europe. As a leading neck ring-specialist, we place high requirements on our products. Especially heat-resistance, wear & resistance and dimensional stability are in focus. Our products pass a process dominated by highly efficient and innovative technologies. This ensures a high flexibility, a high effectiveness and a really good price-performance ratio for our customers.

The following products are manufactured by DROIGK:

Droigk Formenbau GmbH

HIGH QUALITY | MADE IN GERMANY

Neck rings

Guide plates - in cast iron, bronze, nickel and steel - welded

Glass brick tools - stamps, frames etc.

Europe´s largest glass plants trust in the quality of our products.
When may we convince you?

COMPANY BACKGROUND / HISTORY

The **DROIGK FORMENBAU GMBH** was founded in 1957 by a member of the Droigk family. With more than 50 years of experience the DROIGK company became a high-quality supplier of the glass industry.

Two DROIGK plants are supplying most of the leading glass companies in Europe. All customers appreciate the *precision-, innovation-* and *quality-focused* management.
